This page needs to be updated. Please help us improve it. Civil Engineering

Let your imagination run wild and sketch ideas on the white board. Make a list of your favorite restaurants and your pet peeves. Do you always want to be the first one in the gym? If you know how to type, fill out this survey and have fun. Then, and always, you're welcome to come talk to us. We'll help you

find how you can make your ideas into reality. Civil Engineering is the branch of engineering that deals with the design, construction, operation and maintenance of the physical Improvements to the land and natural environment. The field includes design and development of utilities and transportation systems and the construction of roads, railroads, canals, airports and tunnels. Civil Engineering also includes the operations and maintenance of water, sewer and gas utilities. Please note: All classes are offered on a space available basis, and subject to registration.
