Kelas 6 Matematika | mata pelajaran | It's a popular belief in the South that if a person has a problem with their behavior, the best remedy is to buy a gun and kill someone. It is doubtful if this is true, but even if it's not, the last 4 presidents proved it to be true. To be fair to all sides, if someone is arrested for DUI they lose their license for a year, but the real difference between a DUI and mass murder is that a murder is committed in the unprovoked, selfish, and deliberate taking of another's life. The most important thing to remember is that there is only one person who has the power to stop a mass murder, that person is YOU and only YOU. If someone does have a weapon or wants to commit a mass murder, don't wait for others to react, don't wait to try and stop them from harming other people, the best way to stop mass murder is to stop them BEFORE they begin. If you see someone who is upset, depressed, or angry, or if you see someone with a weapon, do not wait for help to come, call 911. Call before you have a chance to second guess yourself and if you do, then you have just committed a mistake that may have cost you the life of someone else. If you

hear that person is planning a mass murder, do not let them buy another weapon, do not let them buy a gun, do not let them visit a shooting range, do not let them go to the gun range to practice with his/her weapon, do not let them go to a shooting range to practice shooting at paper. If you do have a weapon or you plan to purchase a weapon, do not
